Please note
– Installation shall be in accordance with AS/NZS3500.
– All measurements are in millimetres. Height dimensions are to base of pan. Make allowance for bedding.
– Bedding: Pan may be bedded with cement base or using silicone sealant. Fix pan to floor using a sand cement mixture of 3:1 to a depth of 60mm. Do not use lime or fast-drying cement.

– Bracket fixing: The pan should be bedded with silicone sealant and fixed with the brackets supplied.
– Do NOT use epoxy type adhesives.
– Dimensions are nominal and subject to normal ceramic manufacturing variations.
– Specifications may vary without notice as part of our continuous improvement practices.
– Clean with a damp cloth. Do not use abrasive cleaners, liquids or pastes.
